

BUSINESS LAW

Macchi & Macchi provides the premium business law services of a downtown firm, but with the personal attention and friendly approach of your local attorney.

We are especially adept at serving as outside general counsel for day-to-day legal matters, including contract review/negotiation, leasing, liability identification and reduction, strategic planning, financing, and PP&E acquisitions. We work closely with clients to reduce or eliminate litigation risks, regularly realizing immediate bottom-line results.

We guide clients through all the major inflection points of the corporate life cycle, from entity formation to reorganization to liquidity and/or dissolution, and we update our clients on changes to local, state, and federal rules or regulations that may effect their ongoing operations.

Recognizing the cost, time, and stress in litigation, we also provide options for alternative dispute resolution, including direct negotiations, conciliation processes, mediation, and arbitration.

OUR SERVICES INCLUDE, BUT ARE NOT LIMITED TO:

- Entity organization, formation, restructuring, filings, and annual maintenance (Partnership, Corporation, LLC, LLP, Trust, etc.)
- Contract review and negotiation, including leases (all kinds), client service agreements, employment agreements, service agreements, purchasing agreements, financial agreements, PP&E acquisitions, etc.
- Ongoing corporate strategy and operations matters, such as business planning, acquisitions, and financing
- Strategic and operational liability identification and elimination
- Alternative dispute resolution
- Re-organization, sale, disposition and/or termination of a business or entity

If you have a matter that is not presented here, we encourage you to contact us directly as the above is not a complete enumeration of our services
